

## Transitions® Lenses Product Availability Guide

< [Home](#) / [Resources](#) / [Transitions® Lenses PAG](#) / [Sun Lenses/Sun Shields](#)

### OUTDOOR LIGHT CHANGES, YOUR SUNWEAR SHOULD TOO

The *Transitions*® line of light intelligent sun lenses and helmet shields automatically lighten and darken, from sunrise to sunset, for an all-day, visually comfortable experience. Our light intelligent sunwear technologies make sports and outdoor activities more convenient by eliminating the need to switch between different pairs of sunwear throughout the day. They help reduce glare, increase contrast, and improve distance and depth perception.
