

The Transitions brand is working with a select group of Insta-savvy Optometry and Opticianry students from across the U.S. and Canada to create more conversations around *Transitions*® lenses on campus and social media. In addition to attending Transitions Academy, each student will enjoy these perks:

- Free trial pair of *Transitions* lenses
- Exclusive mentorship program where you get paired with an ECP
- Networking with other students in the industry
- Educational tools
- Insider preview of new products
- Fun surprises along the way!

Apply by emailing us at cservice@transitions.com with this completed form attached.

Personal or Professional Social Channels

I would be willing to post on my social channels (personal and/or professional) as part of the different challenges I receive as a Transitions Student Ambassador.

Why do you want to be a Transitions Student Ambassador?

What is your current opinion of *Transitions* lenses (good and bad)?

What do you hope to accomplish by becoming a Transitions Student Ambassador?

Are you...

- Available for the 2020 calendar year (January-December)?
- Able to attend Transitions Academy in Orlando, Florida from February 2-5, 2020?
- Able to participate in at least 2/4 quarterly narratives throughout the year? (Where you share on social media.)
- Going into your first through third year of school?
- Available to coordinate an event with a Transitions Optical professional advisor and host a presentation on campus during your time as an ambassador?
